

My family and I listen to K-LOVE radio on a daily basis for inspirational, uplifting music that offers an opportunity for us to praise God as we drive from location to location during the course of our day. It is a wonderful reminder to praise God even while doing mundane activities like driving to work or school or to buy groceries.

K-LOVE is one of only three Christian radio stations we receive in Auburn, CA, so it is a great asset to this community. It is listener supported, and therefore does not have commercial interruptions. K-LOVE is a radio station for the entire family because there is no foul language or content unsuitable for children.

Please continue to allow K-LOVE to broadcast in Northern California.
